

18 V CORDLESS HYDRAULIC CRIMPING TOOL B500A-KV

VERSION ISOLATED
also available for Power Supply Companies

18 V cordless hydraulic crimping tool, lightweight and balanced for single hand operation.

The tool features a double speed action: a fast advancing speed for rapid approach of the dies to the connector and a slower more powerful speed for crimping.

The crimping head can rotate through 180° for ease of operation.

The B 500-KV will accept die sets common to the Cembre 8 ton tooling range.

Fitted with a maximum hydraulic pressure valve. Complete with a battery condition display which, after every operation, indicates the residual battery power.

Extremely quiet in operation, with very little vibration. Ergonomically designed with a sculptured body for operator comfort.
